DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by the JPO English language computer translation of Motoko et al. (JP 07-128 285 A). See the abstract and Examples 1-5 in the section entitled "Example." For claim 2, note that Example 1, for example, discloses acrylamide gel, ammonium persulfate and TEMED as polymerization initiator, borate buffer, and a tetra-substituted silicon derivative as an adhesive agent.
